

News Letter JULY 2020

FROM HEART TO HEART

It is always reassuring to see how humans never bow down in front of adversities. Even during the past few months, we have all stood together and found alternative ways so that essential life activities can continue. One such essential aspect is education.

Schools in India have been shut down since March 2020 due to the COVID-19 outbreak. Still, there is uncertainty regarding the school reopening date in India. Though steps have been taken to unlock, there is no confirmed date for reopening the schools.

With the increasing number of recovered cases, many organisations have started functioning with a limited number of staff members. Now, parents, students and teachers are curiously waiting to resume the normal schedule. They have a common question, "when does school reopen in India". According to some media reports, the Indian Government is also planning to reopen the schools in a phased manner from September 1 and November 14, 2020.

As the schools were closed from the last six months in the wake of the pandemic, they have adopted the system of online teaching through Zoom and other mobile applications. Schools and colleges were the first ones to make the shift to online learning. E-learning has become the new way of learning and teaching nowadays. Even the syllabus for the academic year has been reduced by 30% to lessen the burden for the students.

We all are aware that online teaching can only complement learning in schools and not replace it. Therefore, DMA, being very well aware of its responsibility to prepare children for better and responsible life and not just for a few lessons of their textbooks, has ensured every possible safety measure in place to prepare for reopening of the school. It goes without saying that students will take time to get accustomed to the new paradigm. Parents, teachers, and students will have to play their part responsibly so that the goal is achieved fully.

AN EDUCATOR PAR EXCELLENCE

Our revered Principal, Dr (Mrs) Ritu Dewan has always been an educator par excellence with a futuristic vision for modern education. Forbes India magazine recognised and felicitated her diligent passion for enriching lives of her students and organised an interview hosted by the eminent writer Mr Chetan Bhagat. The interview was co-organised by the renowned educational research organisations - Great Place to Study and Skill Tree Education Evangelist of India. The interview gave a deep insight into the thoughts, philosophy and love that have always been the driving force for Dr (Mrs) Ritu Dewan to work unstintingly and untiringly to ensure the best education for her students. She shared that for her, education was a religion, a passion, a mission to positively impact the lives of her students and how she has been successfully handling a scenario where the school has a confluence of children from different background and aspirations by providing a conducive environment for each and every student. She acknowledged the importance of academics and percentages but laid stress on training and honing of skills for future life. She informed the host that the school not only provides 22 subjects in XI and XII board classes but also a plethora of confidence building activities like debating, communication skills, articulation etc.

Dear soldiers

I am very proud for Indian soldiers they are continuously fighting for our country during the harmful disease corona virus. When we are spending times with our family they are continuously safeguarding our country. They even don't have the time to spend with their family. The task ahead of you is never as great as the power behind you. Thank you so much for all your hardwork and bravery! We appreciate your selfless service and pray for your safe return. Thank you for serving our country and you are a great inspiration to many people. Give a big salute and love to all.

Thank you!

Yours lovingly,
Kartik chaudhary

23rd July, 2020

Dear Soldiers,

It is very difficult for me to express my gratitude to you through this small piece of paper. We all soldiers have a lot more to say.

Today we are safe in our homes because of you. We can live without any fear because you are standing on our borders. You have given up so much for this country. It is something that cannot be repaid. Thank you for your loyalty, strength, hard work, commitment, dedication and willingness to do everything for your country. There will be some people who are questioning your bravery. Be their political leaders. Do need to give attention to this as they also sometimes think that what they are doing is wrong. Thank you for all the sacrifices you make for our country. You are far away from your families because the nation. It doesn't matter to you whether it is Eid, Diwali, Ek or Christmas, what matters to you is the safety of the country. We are very very proud of you. I salute you & your motherland. Give such salute to our children in the country. I pray to God for you & for all with being. We all love you & miss you. And at last Happy Independence to all dear soldier brothers with warm regards,

Krishna

LETTER FOR SOLDIERS

781/3 Ekta Nagar
Roorkee road, Meerut

July 22, 2020

Dear Soldier,

This is such an honour for me to write a letter to the soldiers of my country. When you march on 15th August and 26th January all the enemies become terrified. You are the pride of India.

Only because of your bravery and courage we can sit in our houses without any fear. Not only at borders but also in certain situations like natural disasters you put your lives at cost to save others. I can say that "All the heroes do not wear caps".

At last I want to share that I will also love to be a soldier in future because soldiers never die because they always remain alive in the hearts of their country-men and their lives families.

Yours lovingly
Aditya Tomer

Respected teachers, fellow students and citizens of India featuring in my lesson DYNAMICS.

I'm writing this letter to each one of you with immense feeling of gratitude. Recently, Mrs. Anjana Goswami shared with me messages from young kids of India on the special occasion of Raksha Bandhan and one deep inside my heart it has become an annual ritual for me to fill my heart with utmost pride and at the same time give me more strength to make all of you equally proud by doing the nation with dignity and integrity in uniform. It is an overwhelming gesture and I can't thank you all the lovely people enough. The motto of Dedication (D), Motivation (M), Aspiration (A) will always be in my heart and mind and fuels my soul to excel in every action of life.

Dear Dynamics, as an elder brother I would want you able to always believe in yourself. You have the ability to do any kind of work whatever it is easy or tough so be confident and work hard to get to your dream. Be humble and polite in your approach and always try to add some value to the society. Be a good human who helps everyone. Be a good partner, a good friend, a good soul who is honest, trustworthy and responsible. I'm sure happiness will find you. Always listen with attentiveness, speak with modesty and Act with Integrity. In your life, you will face many bad and hard times, never lose hope in your bad times. Remember, after the heavy rain, we can see the sun shine always. Stay positive.

23 July 2020

Dear soldiers,

I am very thankful to all soldiers. You put your life in risk so that my family and India are safe. You don't get to meet your family daily. You stay on borders of India to protect us. You die for India, risk your lives for us without any fear. You are the real Heroes of India. Also, you save people at the time of natural disasters like flooding, earthquake etc. I respect you a lot and proud of you. I also proud to be an Indian.

Jai Hind
Yours sincerely
Yashraj Singh (Class-7)

Dear soldiers,

I respect all of you because you are the one who use to set your lives on fire, so that we could spend time with our family and we could live our life happily. Only you and farmers are the one who does efforts for our country so we can be safe you are the real life heroes we all Indians respect your sacrifice.

Jai Hind
Yours sincerely
Sarthak Sharma (Class-7)

LETTERS OF APPRECIATION BY PERSONNEL OF INDIAN ARMED FORCES

Good evening lovely students , respected teachers and honourable Principal (Dr. Mrs RITU DEWAN) of my DMA

I hope our words find you all in good health. We have received letters written by all of you. We were eagerly waiting for the same. Its really a moment of both pride and emotion at the same time. Its truly said that actions speaks louder than words. We are indebted to the emotions showered on us by each one of you. Being here feels so distant but the feelings took me back to my school days today. The memories i had are fully refreshed today by the love and affection displayed by all.

We feel privileged that we got the opportunity to rise up to the level and serve our nation. But the credit goes to everyone associated personally or indirectly. The small gestures on occasions of Rakshabhandan and Independence day makes us stronger and motivated.

We would definitely want to meet all of you and open our hearts out. I would like to extend our sincere gratitude to all teachers and staff for their continuous and selfless efforts which have resulted in grooming us a good human being. The guidance provided by them have nurtured the roots and we stand today tall and proud.

To all my fellow brothers and sisters we would like to see each one of you chasing your dreams more vehemently. Remember, whatever you choose for yourself stand by it always. Keep increasing horizon of your approach and try to align your thoughts with your planning. We would be elated to serve with you all in any capacities in future.

These times are tough and testing but we have been trained to do our best under the most challenging times. We wish good health and prosperity to all of you and your loved ones.

we are from Naval Air Station INS HANSA , GOA

Yours Thankfully

Lt Shashank Mishra

Lt Ketan Chauhan

ACHIEVEMENTS BY DMAITES

Rachit Agarwal of XII-J made DMA proud when he was awarded Bronze Honour (among top 20 winners from India) in International Astronomy and Astrophysics Competition.

International Astronomy and
Astrophysics Competition

Edition of 2020

BRONZE HONOUR

presented to

Rachit Agarwal

Date of Issue: 27. July 2020
Country: India
School: Dayawati Modi Academy 1
Verify-ID: F-2020-E715F1232FC

for participating in the final round of the International Astronomy and Astrophysics Competition of 2020. The final round was a supervised exam of forty questions which required comprehensive astronomy and astrophysics knowledge. The participant scored 19 points and was placed among the top 20% of all participants.

FEEDBACK FROM STUDENTS AND PARENTS

Ma'am, it was really a nice experience while learning a new language 'Coding'. I gain new knowledge about this language by playing games & have a lot of fun at home while attending this robo garden class. I really thank my school for organizing such an interesting & knowledgeable program.

Tanshvi of VIII-G

Good morning mam ...Mam I think that this is a amazing program as well as Its very intersting

Good morning mam , Mam LEARN2CODE was a very excellent program The teacher who was teaching also explained everything very nicely... I enjoyed it a lot .. Aayushi Ahuja7E

ONLINE CODING COURSE (LEARN2CODE)

Dayawati Modi Academy in pursuance of its commitment to provide the best vocational and professional courses to its students apart from the academics, partnered with Eupheus Learning and Robo Garden, to provide free online courses for coding languages – LEARN2CODE, used to create Apps. The students were greatly motivated and enrolled enthusiastically for the course. They found it a very enriching experience and were really appreciative of the efforts put in by the school to provide them with such platforms and opportunities.

FEEDBACK FROM STUDENTS AND PARENTS

It was a nice experience to have coding classes by ROBO Garden....Students are learning new things.

Thank you DMA team!!

Regards

Sudhir Malik (Father of Devanshi Malik) 7c

Mam, I have joined the session of RoboCode, it was very good... Thank you for this opportunity ☺

Riya

Mam it was a great session I had learn new things from the session Thanks alot mam we had enjoyed it was a tremendous session Yes mam it was an excellent session I had learned many new things in coding. Thank you mam.

Tanushka..10 G

It was a great experience, after that session I tried doing coding myself and it was really funPrabhneet 10G

I really enjoyed the programme and the format it was presented in. For me, I learn and retain much more through an online class because it was a game to entertain our mind. This really makes me search for the more apps. I retain more information. I found it relaxing to be able to turn the work on the games as this was a coding game and very helpful too. At my leisure and when I had the time i use to play this knowledgeable game. I liked the fact you were very clear that after playing this game you will be more clear in maths and science. Being honest, there is nothing that I disliked about the session!!~
Santushti Sharma

AN APPEAL TO THE PARENTS

We look forward to your unstinting support as always. Your feedback in appreciation of our consistent efforts and suggestions for further improvement are welcome.
