"The function of education is to teach one to think intensively and to think critically. Intelligence plus character that is the goal of true education". -Martin Luther King, Jr.

The world of 21st century is changing at an accelerated scale. It is a challenge for educators to cope with the changing world order and prepare their students for the future. It has rightly been said by Margaret Mead that "Children need to be taught how to think, not what to think."

Dayawati Modi Academy has withstood changes since its inception and caters to the needs and aspirations of the educational environment and the society at large. It has always tried to inculcate creativity, critical thinking, innovation, divergent thinking along with proper values of life for its students. The school conducts an array of activities throughout the years bringing out all these skills among children.

I wish to thank the committed and supportive management, dedicated and caring staff, cooperative parents who work in the backdrop to bring out the best in children.

With warm regards and best wishes

Dr (Mrs) Ritu Dewan **Principal**

ACTIVITIES REPORT

INTERNATIONAL YOGA DAY CELEBRATION

"Yoga is a light, which once lit will never dim. The better your practice, the brighter your flame."

- B.K.S. Iyengar

Yoga is a physical, mental and spiritual practice which originated in ancient India. The Indian Prime Minister Narendra Modi, in his UN address in 2014, had suggested the date of June 21, as it is the longest day of the year in the Northern Hemisphere and shares a special significance in many parts of the world.

To raise awareness about this ancient practice and to celebrate the physical and spiritual powers that yoga has brought to the world, a wonderful session to celebrate the International Day of Yoga was held in Dayawati Modi Academy in collaboration with Times of India Group on 21st June, 2023. It's an initiative to promote and spread the benefit of practicing yoga.

The occasion started with the floral welcome of the esteemed guests. Honorable Principal Dr. (Mrs.) Ritu Dewan presented the saplings and mementos to the esteemed guests, Mr. Uttam Sherawat – the Yoga Instructor from UIPS Academy Rishikesh and Ms. Zia Zaidi - Yoga expert, Mrs. Vinod Batra - special invitee, Mr. Sanyam Mogha - Assistant Manager, Times of India Group, Mr. Munish Kumar and Mr. Varun Kumar - photo journalists, TOI.

Yoga instructor, Mr. Uttam Sherawat began the session with warm up breathing exercises of exhale and inhale followed by 'Om' chanting. He along with Ms. Zia Zaidi demonstrated different 'yogic asanas' and 'postures' to the students and teachers. Mr. Uttam Sherawatji enlightened the children about the benefits of Yoga Asanas. The students took the benefit of these yogic asanas by following the steps and practicing them enthusiastically. The session concluded with the confluence of different breathing exercises - Pranayam namely Bhastrika, Anulom-vilom, Kapalbharti, Bhramari and Ujjayi to name a few.

In her concluding address, the Principal Dr. (Mrs.) Ritu Dewan apprised the students and teachers to make yoga practice a daily ritual to channelize their energies to the optimum and at the same time developing a holistic approach to health and well-being. It was very informative and motivating session for one all.

Preparing Learners for the Future: Dayawati Modi Academy

Dayawati Modi Academy (DMA), located in Modipuram, Meerut, is a unique institution that has been pioneering in the field of education since 1981. Spread across 11 Acres of lush green campus, DMA has been providing quality education for over 42 years and is now the leading institution in the field.

The vision of the Academy is to create a meaningful and joyful learning experience, wherein students explore and discover their talents and reach their full potential. The environment at DMA is designed to foster holism, build confidence and strength, and imbibe progressive, global yet humble outlooks. To provide an edge to the students, the curriculum is designed to give them the opportunity to gain real-life experiences. With innovative pedagogies, tools and techniques, the Academy empowers the youth with 21st century skills, as well as inculcates life skills such as creativity, critical thinking, problem solving and decision making. The Academy also promotes a spirit of sharing and caring and develops communication and collaboration skills.

In this ever-changing world, Education has to move beyond the four walls of the classroom, to equip children with the skills and values needed to succeed in the future. This is exactly what DMA strives to achieve through its innovative pedagogical approach and cutting-edge facilities. Technology is leveraged to promote values, as much

"At Dayawati Modi Academy, we are committed to providing our students with a meaningful and enjoyable educational experience that allows them to discover their talents and realise their maximum potential. We are proud of the unique and innovative educational apportunities we provide, and are confident that our students will continue to be the turchbearers of our institution in the years to come."

-Dr. Ritu Desvan - Principal

as morning assemblies, storytelling, art and culture, and classroom interactions. The campuses are uniquely designed and seamlessly integrated to foster the free flow of ideas and event sharing.

To encourage student interest in programmes of physical education, a range of world class sports facilities are available that include two basketball courts, a football field, two volley ball courts, skating rink, Cricket Ground, Football Ground, Atheletic Track, Equestrian Academy, Swimming Pool, indoor games room and multi-purpose play grounds. The academy has a health unit, manned by a full time doctor and qualified nurse. Students undergo regular medical check-ups and a health record is maintained for each child.

The Academy is emphatic about providing child-centric education, that is both interactive and experiential. Teachers act as facilitators and guides to the students in their learning using activities, audiovisual stimuli, projects and presentations. A wide spectrum of stimulating activities thoughtfully calendared and concocted and laced with immense passion and zeal of students keep the portals of DMA ever pulsating, resonating and vibrant.

At the Dayawati Modi Academy, students are nurtured with love and care and helped to develop into happy, healthy, and confident individuals. The institution is fully inclusive and welcomes students from all backgrounds. Ample opportunities are provided to students to participate in International Olympiads, TOFEL training, International Exchange Programs, IIMUNs, and other such activities. Career counselling and career fairs assist students to select their future options and help them obtain placements in the most prestigious global universities.

Academy's mission is to create optimists and lifelong learners, individuals who have the ability to think beyond the ordinary and develop into responsible and compassionate citizens. The Academy is confident that the students will continue to be the torchbearers of the institution in the years to come. We, are proud to feature Dayawati Modi Academy in our magazine. The Academy has set the benchmark in the field of education and we are sure that it will continue to do so in the years to come.

Special Assembly on "Single Use Plastic Ban"

It is a well-known fact that **Single-use plastics** are serious climate change hazard. With similar concerns, DMA(Primary Wing) in collaboration with Meerut Municipal Corporation organized 'AARAMBH 2.0- Say No To Plastic' event to sensitize the students about the effects of usage of plastic. A morning assembly was conducted where students showcased various ways in which one could curb the usage of plastic in our day to day life.

Our Chief Guest Shri Indra Vijay Singh (PCS) Assistant Municipal Commissioner, made the students take oath to safeguard the mother Earth by adopting eco-friendly alternatives to plastic, thus protecting the environment too. This awareness program helped us to understand the impacts of plastic pollution on humans and the ecosystem as well as how we can contribute to make the world a better place.
